

**ST. REGIS PARISH FORUM**

*January 12-13, 2008*

In the fall of 2006 a Parish Survey was conducted at St. Regis. From the information gathered, our parish focused on several areas of parish life for 2007. Some of the achievements and activities that are a result of the Survey are listed below:

- *Held a Parish Mission, Women's Retreat, Men's Retreat, and an adult education series during Lent and Advent.*
- *Installed a new Boiler, a new Air Conditioner, and a new phone/intercom system. Improved the venting and circulation in the school and office buildings. Made parking lot repairs.*
- *Made computer and software upgrades in the school and offices.*
- *Renewed our parish support for our sister parish in Ita Maura. Hosted a delegation from our sister parish and raised money for their new church. Increased the involvement of parish groups assisting at St. James Soup Kitchen.*
- *Held successful community events such as the Parish Festival, Chiefs Tailgate Party, Ministry Fair, and Spring Raffle/ Pancake Breakfast.*
- *Supported youth from the parish attending the annual national convention and continued to offer youth involvement through Confirmation and other activities.*

As we move into this new year of 2008, the Parish Council is seeking further input from you to help focus the efforts of our parish and our various leadership Councils. Thank you for participating in our Forum and helping us serve our parish. May God bless you in the new year!

Please assist us with your comments. The areas listed below have been identified as important for the life of our parish. Please list specific ideas you may have for activities and programs next to the appropriate area. If you need additional space, please write on the back. You may return your responses today or place in the collection basket next weekend. Thank you.
